PREFACE

Statistics in this publication include bulk steamer, ocean barge, and plane unloads of most fresh fruits and vegetables from sources outside the State and from the outlying islands, as well as wholesalers truck receipts from the island of Oahu. Direct sales are not included. Although direct imports made by the Armed Forces are excluded, quantities sold to commissary stores and sales to the Armed Forces by local dealers are included. Supplies of fresh fruits and vegetables from the State include quantities for fresh market as well as processing, and also out-shipments from the State.

ACKNOWLEDGEMENT

The Federal-State Market News work was made possible through the cooperation of the Consumer and Marketing Service, United States Department of Agriculture, and the Hawaii State Department of Agriculture. The Department of Agriculture gratefully acknowledges the assistance of all those who contributed information. Steamship, barge, and air transportation companies furnished the unload data; records of Oahu truck receipts were obtained from wholesalers.
